The BACHELOR

Season 23 Bracket Instructions

You do not need to make ANY selections PRIOR TO, or DURING, the first episode of The Bachelor.

Watch the first episode on Monday, January 7, 2019, at 8pm/7pm central.

During the first rose ceremony, cross out the names of the women who are sent home.

AFTER the first rose ceremony has ended:

- * Choose the 18 women you think will survive the *next* rose ceremony.
- * Continuing filling out your entire bracket, to completion, PRIOR to watching the second rose ceremony.

After the second rose ceremony has ended:

- * Give yourself 2 points for each woman that you correctly predicted would receive a rose.
- * Add your total to "Weekly Score" at the bottom of the "2nd Rose Ceremony" column.
- * Your "Total Score" this week is the same as your "Weekly Score".

For all other weeks:

- * After tallying your "Weekly Score", add it to the previous week's "Total Score". This is your new "Total Score".
